

Making a map

```
<Map bgcolor='steelblue'>  
  <Layer name='World boundaries'>  
    <Datasource type='shape' file='/tmp/world'/>  
  </Layer>  
</Map>
```

Making a map

```
<Map bgcolor='steelblue'>
  <Style name='My Style'>
    <Rule>
      <PolygonSymbolizer>
        <CssParameter name='fill'>lightgrey</CssParameter>
      </PolygonSymbolizer>
      <LineSymbolizer>
        <CssParameter name='stroke'>white</CssParameter>
      </LineSymbolizer>
    </Rule>
  </Style>
  <Layer name='countries'>
    <Style>MyStyle</Style>
    <Datasource type='shape' file='/tmp/shapefile/world' />
  </Layer>
</Map>
```
